

Password Reset Guide

Overview

If you have forgotten your account password or are unable to log in, you can reset your password by following the steps below.

Steps to Reset Your Password

1. Open the application's login page.
2. Click on the ****Forgot Password**** link.
3. Enter the email address associated with your account.
4. Click ****Send Reset Link****.
5. Check your email inbox for the password reset email.
6. Open the email and click the reset link.
7. Create a new password that meets the password policy.
8. Confirm the new password.
9. Click ****Submit****.
10. Log in using your new password.

Password Requirements

- Minimum 8 characters.
- At least one uppercase letter.
- At least one lowercase letter.
- At least one number.
- At least one special character (e.g., @, #, \$, %, &).

- Do not reuse your last five passwords.

If You Do Not Receive the Email

- Check your Spam or Junk folder.
- Verify that you entered the correct email address.
- Wait for up to 10 minutes.
- Request another reset email.
- Contact customer support if the issue continues.

Common Errors

Error: Reset Link Expired

Password reset links expire after 30 minutes. Request a new reset link.

Error: Invalid Token

The reset link is no longer valid or has already been used. Generate a new password reset request.

Error: Email Not Found

The email address is not registered with the system. Verify the email or contact your administrator.

Security Tips

- Never share your password with anyone.
- Use a unique password for your account.

- Enable Multi-Factor Authentication (MFA) if available.
- Change your password immediately if you suspect unauthorized access.
- Avoid using personal information in your password.

Frequently Asked Questions

How long is the reset link valid?

The reset link remains valid for 30 minutes.

Can I reuse my old password?

No. The system prevents reuse of your previous five passwords.

What should I do if my account is locked?

Wait for the lockout period to end or contact customer support for assistance.

Can I change my password without resetting it?

Yes. Log in to your account, navigate to ****Profile → Security → Change Password****, and follow the instructions.
